SCHOOL UNIFORM AND PERSONAL PRESENTATION/GROOMING GUIDE

Francis Jordan Catholic School has established an excellent reputation over the years for the way in which our students present and conduct themselves in a range of situations particularly in the public arena. This has occurred as a result of the partnership and cooperation between parents and the school. The support of parents for the school has been and will continue to be critical if these excellent standards are to be maintained.

The emphasis is on the students developing a sense of dignity and pride in themselves and in the school that they represent. We want our students to be modest and conservative and to wear their uniform with pride at all times.

The following clarifies both the uniform requirements and personal grooming that is expected and required of all students at Francis Jordan Catholic School.

School Uniform - General

- Children should wear their school uniform correctly, with a note of explanation if the correct uniform is unavailable.
- Hair standards are set for the students' safety, the enhancement of their appearance and avoiding "excessive" display. Hair should be neatly combed or brushed, kept off the face and cut regularly. **Extreme hairstyles, tints or hair gel are not permitted.**
- Girls with hair longer than collar length must have it tied back at all times.
- Boys are required to have hair that is shorter than collar length and tidy at all times.
- If girls are using ribbons, headbands or elastic ties / scrunchies for hair, they must be dark green. Black bobby pins or dark green clips are acceptable.
- Shirts are to be tucked in during class time and before returning to line after recess and lunch.
- School hats are to be worn at recess, lunch and Physical Education lessons at all times.
- Nail polish is never allowed.
- A watch and / or single stud/sleeper earrings are the only jewellery permitted. Studs or sleepers must be gold or silver in colour

3. The school tracksuit top may be worn with the summer uniform without the jumper underneath.

4. The Rain Jacket sold by the Uniform Shop is the only rain jacket to be worn as part of the school uniform. It must not be worn as a substitute for the school jumper or tracksuit. It can be worn to and from school and at recess or lunch, but not during class.

Where uniform requirements are not being met, parents will be contacted, pointing out the area to be rectified. This includes students requiring haircuts. Parents will be asked to acknowledge receipt of the contact and that action will be taken to attend to the situation.
